

INFORMATION BULLETIN

PROJECT RELEASE - PATCH KIT (CG Air)

The project for the CG Air patch kits has been released.

FEATURES

- Two kits are available and both are currently in stock.
- All CG Air Order Forms have been updated with the new options, and are posted on our website
- An Instruction Guide will be included with all orders for patch kits.
- This Instruction Guide is available on our website in the following section: Support / Instruction Guides.
- These items will be added to the Parts Manual at the same time as the CG Air in a future project
- See Order Forms or M1 for pricing details.
